

# MEGAFLEX™ SCREENS

Screening Flexibility Redefined

Smiley Monroe's innovative new MegaFlex™ screen is produced from a highly flexible and resilient rubber membrane with hot moulded construction for greater mat strength and longer service life.

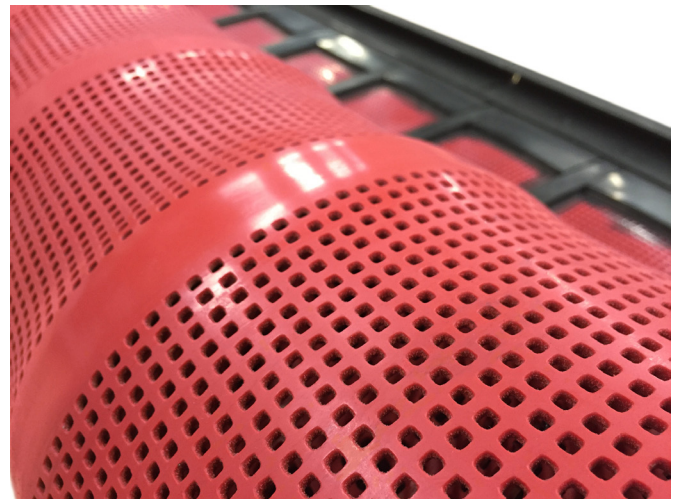

Ideal for removing dust and fines with minimal pegging and blinding and associated product contamination, MegaFlex™ screen media helps increase productivity, reduce maintenance and deliver a higher quality end product.

MegaFlex™ is available in a range of apertures, sizes and fixings to suit most tensioned screen decks.

## WHY MEGAFLEX™?

- ✓ Self-Cleaning for significantly reduced pegging and blinding
- ✓ Screens damp and fine material
- ✓ Direct replacement for wire mesh
- ✓ Designed to suit individual customer requirements
- ✓ Produced in-house for faster turnaround
