

IMPACT BARS

IMPACT BARS

IMPACT BARS FITTED AT CONVEYOR TRANSFER AND FEED POINTS REDUCE THE RISK OF COSTLY PUNCTURE DAMAGE TO YOUR CONVEYOR BELTS.

Spillage, surge loading and airborne dust at conveyor transfer/feed points cause a number of costly environmental and safety problems. Material build up, seized rollers and conveyor belt wear erode maintenance budgets. Smiley Monroe offers Impact Bars and proven solutions to spillage and dust escaping at transfer / feed points. Our system is tailored to suit your specific application and the severity of the problem, using standard components.

WHY IMPACT BARS?

Extremely low coefficient of friction for long wear life

UHMWPe surface (fire resistant version available on request)

Shock absorbing rubber

T-Bolt slot as standard in aluminium or mild steel for underground application
